Commercial Angus Replacement Heifers

These heifers were maintained the same as our registered heifers. They have been given their pre-breeding vaccinations including: Vision 8, Pyramid 5 and poured with Clean-Up II. The heifers will sell in minimum lots of 5 head. The highest bidder will have the option of purchasing 5, 10, 15 and so in increments of 5 or they can buy the whole pen. If that person doesn't buy all of the heifers, they will continue to be sold in lots of 5, until the remainder of each pen is sold. The heifers are separated into three pens. 50 of these heifers have NO BRAND.
